

Form 3
**Submission on proposal for national policy statement for
renewable electricity generation**

In accordance with section 49 of the Resource Management Act 1991

To the Chairperson
Board of Inquiry

This is a submission on the (following) proposed national policy statement for renewable electricity generation (the proposal) that was publicly notified on 6 September 2008.

The specific provisions of the proposal that my submission relates to are:

[give details]

Policies 3, 4 & 5

My submission is:

[include –

- *whether you support or oppose the specific provisions or wish to have them amended; and*
- *the reasons for your views*].

Amendment of the three policies via elaboration of several terms.

I seek the following changes to the proposal:

[give precise details].

- a) In relation to Policy 3, the term "reversibility" should be defined in the interpretation section of the NPS. This is important so we can understand whether effects have to be wholly reversed & whether reversibility carries with it a timeframe.
- b) In relation to Policies 4 & 5, clarification of the term "enable" is requested. Is it intended to equate with Permitted Activity status?

I ~~wish~~ (or do not wish) to be heard in support of my submission.

- * If others make a similar submission, I will consider presenting a joint case with them at a hearing.
- * Delete if you would not consider presenting a joint case.
